

BATTLE ZONE MINISTRIES

We Show You How

At BZM...we partner with Christian organizations who want to create a relational-discipleship process that can **SHOW YOU HOW** to implement the process through a unique hands-on leadership training tool. Our discipleship model has been proven to impact many different church denominations as well as:

-  rescue missions
-  troubled teen facilities
-  prisons
-  military bases
-  corporate environments
-  small groups

The discipleship training has been effective in age groups from teens to seniors. Diverse and intergenerational groups are also encouraged.

We accomplish this **SHOW YOU HOW** process using an 11 week tool called The BattleZONE Training Course. This course has a long proven history of accomplishing heart change and generational discipleship in diverse Christian settings. This full color, interactive, sports themed book also includes the leaders guide. This unique training course is engaging and emphasizes hands on tools that inspire real life events to collide with God's Holy Word—resulting in **LIFE CHANGE**.

Anyone with access to a mobile device or computer can access dozens of **SHOW ME HOW TO** videos, worksheets, and themed memory verses, not to mention taking the BattleZONE Challenge. BattleZONE Coaches can also use the online or 11 Week Coaches DVD series to help disciple their men.

BZM is committed to partnering with faith-based organizations by developing relationships with leadership in order to assure a culture of sustainable multiplication. BZM is continually learning and teaching within each organization to develop relational leaders. This is why we have ongoing coach's clinics, follow-up training and refining as part of our model.

Our Story... Michael Pouliot has been discipling others to fulfill the Great Commission for over 15 years. He uses the 2 Timothy 2:2 method of training disciple-making disciples, which is relational as well as generational.

He founded BattleZONE Ministries in 2002 because he wanted to coach men to follow Jesus so they could be sent out to fulfill the Great Commission and make disciple of Jesus.

Over the past 11 years BZM has disciplined over 3000 men and equipped dozens of BattleZONE Coaches in the US and abroad. BZM has partnered with prisons, rescue missions, military chaplains, and various Christian organizations to train up disciple making disciple makers.

Our Mission... is to transform the hearts of men to follow Christ and become generational disciple makers.

Our Vision... is to train, equip and multiply hundred's of disciple-making disciple makers in the next 10 years to become leaders who expand this process in their area of Christian service.

Our Team... BattleZONE Ministries has certified dozens of pastors, elders, deacons, men's ministry leaders, chaplains, rescue mission staff and each BZM board member in the relational discipleship process. We believe that each of these leaders are strategically placed by God to carry out our mission and vision. This way each teammate can influence his local culture.

What makes BattleZONE Ministries unique? BZM...

- trains and certifies leaders in diverse Christian organizations.
- gives Biblically-based tools to accomplish the heart transformation.
- specializes in relational training instead of knowledge transfer.
- has measurable results with multiple age groups.
- inspires men to deal with temptation by giving them tools to put Christ first.
- examines the "why" of failure so that when men sin they can see what patterns exist.
- stresses the use of real life situations to be filtered through God's Word.
- demonstrates measurable results with women using The IDentityZONE for Women Training Course.
- has measurable results with churches, military, prisons, men's groups and various faith-based organizations.

BZM Goals:

Regional Training—Hold a minimum of one BZM Coaches clinic per year in strategic geographical locations to assure relational-discipleship is understood and reproduced according to 2Timothy 2:2.

Churches – Partner, train and equip three churches per year where the new BZ Coaches become an outreach arm of BZ to other churches, rescue missions and other Christian organizations in their sphere of influence.

Rescue Missions – partner with one new rescue mission per year for the next three years and two per year thereafter.

Centers for At Risk Teens – Partner with Valley Teen Ranch and train staff to become effective BZ Coaches for onsite teens.

Fund Regional BattleZONE Coaches—Establish regional BattleZONE Coaches and assist in partnering then to regional donors to meet their ministry needs.

"The BattleZONE Training Course is biblical, relevant, refreshing and potentially life-changing. There's a vital need for men to raise the bar of discipleship to where Jesus set it. I happily recommend this study."

Randy Alcorn – Best Selling Author
Eternal Perspectives Ministries

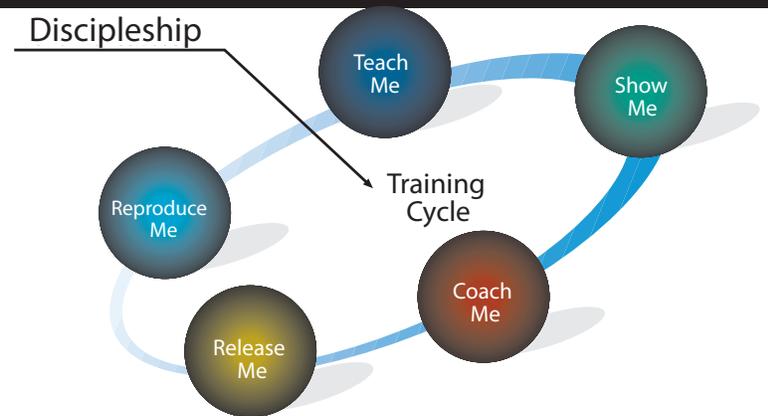

"BattleZONE is a powerful ministry for men because it provides hands-on tools that we men can use to fight and win the spiritual war raging around us. This ministry is a great resource for churches, pastors and men's ministry leaders."

Miles McPherson – former NFL DB; Pastor,
The Rock Church, San Diego, CA

"The book BattleZONE is centered on Christ and that's where it needs to be. All of the curriculum is based on the Bible. It's there to help you, to encourage you, to change your life for the better. I recommend this to any organization."

Rev. Larry Arce, C.E.O.
Fresno Rescue Mission

What can I do?

The most important thing you can do for BattleZONE is **pray**. As a nonprofit, ministry-based service organization, we also need **your financial support**. One of the primary goals of BattleZONE Ministries is to make our life-changing resources accessible to as many men, families, churches and partnering organizations as possible. This approach requires that we raise funds over and above those raised by seminar/workshop registrations and the sale of resources made available to men and women in need.

We are a marketplace ministry and the reality is, in order to counter what secular culture does to dilute the importance of Christian living, we must compete with excellence - in curriculum development, presentation, marketing, and making the products and services we produce, and the seminars and workshops we lead, the very best available. After all, we serve a God of excellence and He deserves the best we have. With your gifts, you help us achieve excellence.
