PROBLEM SOLVING USING GOD'S WORD

L.I.F.E.

Label the problem or decision in writing and list key words. Be specific in identifying the real issue. This is often times the hardest step as you may not know the real problem.

Invite the Holy Spirit help in prayer as you seek God's answer and build your relationship.

Find the key words in your Bible concordance or index. Then find the verse and read the verses surrounding each verse to get context. Also try cross-referencing the verse you started with.

Experience God's answer through obedience. Sometimes God's answer is your changed heart.
