

# TEAMMATE DRAFT CUT FORM

It is said that you become like the five people you hang around most. Use this form to expand your list beyond personal relationships to include television, books, magazines, movies, music, radio programs and/or mental goals/fantasies you spend the most time with throughout the day. As Captain, the goal for the player(s) who cannot be "cut" from your team is to help them to reach their goals by encouraging them and sacrificially serving them in love. In other words, you can develop them into godly teammates.
