

BATTLEZONE VICTORIES

I accepted Jesus Christ as my Savior on an October night in 1971, at the Billy Graham Crusade in Texas Stadium. It has taken me three decades and several years to finally realize that I truly must give God jurisdiction over every aspect of my life.

During those many tedious years of “playing church”, I had never been through a discipleship program in a way that was either relevant to me or practical in its approach to and for men... until Michael took me through the “BattleZONE”.

As the old cliché goes, “It’s better late than never”; but it sure would’ve kept me out of a lot of messy defeats if I had known and used the BattleZONE’s applications way back then! But thank God I am now applying them everyday and winning!

Upon completion of the ten-week course, I began to take two highly motivated men through the BattleZONE Training Course as a Certified BattleZONE Coach. I look forward to coaching many more men who are tired of the “same ‘ol same ‘ol” and who are now seriously ready to get into the game. Men who want to win at every aspect of the life God has so richly intended for them, and who want to disciple men with relevance and practicality.
