

# BATTLEZONE VICTORIES

**Michael Cancio**

Philippines

I came to Christ initially when I was 21, at a church revival with the wife of my youth, serving our country as a soldier in the United States Army. Through many mountain and valley experiences, I was challenged to a deeper relationship with Christ and a committed responsibility to my wife of 24 years and my family.

As I strive to have a closer walk with Christ, my Christian experience has been one of gradual maturity. For many years my life has been lived in selfishness and deceit. In recent years I have started a process of recognizing and changing my unhealthy and unrighteous behavior. Like BattleZONE teaches, I am in pursuit of the holiness God wants to see in me.

Learning and using the tools presented in BattleZONE has helped me walk in the daily battles of this life. Accountability and truth have helped me fight the good fight every day. Trust and obedience to Christ will produce the fruit necessary to build His kingdom. I am encouraged and ready to teach men to walk in this life daily as committed soldiers in

God's army, Yahweh of Armies, is mustering the army for the battle.

Isaiah 13:4 WEB

Michael Cancio and his family, wife Carmen, and children Jessica, Jordan, Jillian, and Joanna, as of April of 2009 are serving Jesus as missions church planters in the Philippines. Michael states that God used his BattleZONE experience as a catalyst to prepare him for missions. He is also planning on using the training course and concepts to disciple the people there.
