I am convinced that God has birthed BattleZONE for this last day move of men who will come forth to lead His church. I have worked in men's ministry for over 10 years and I stay on the look out for materials that will help make my assignment easier. BattleZONE has become a tool that we use in our ministry, Frontliners to reach and increase the men we serve.

Please, do not make the mistake of thinking BattleZONE is like all of the other training programs. Michael Pouliot has tapped into the heart of God to produce a resource for the Kingdom that is second to none. For men who want to understand how to protect their families and churches as they continue to advance personally, all they need to do is get into the BattleZONE! Pastors will love the fact that this material is very balanced. It focuses on increasing men and lifting up our Savior Jesus. Pastors can release their men into the BattleZONE without them becoming weird.

I will see you in the BattleZONE!
